

PNNL Site Tour
For PNNL Draft RFP DE-RP05-08OR23300

Thank you for your interest in attending the PNNL Site Tour for potential offerors planned for November 15, 2007. Check-in for the tour will be at 12:30 p.m. at the Richland Federal Building Auditorium. Visitor badges will be issued to participants after verification of identity by picture ID.

The tour will be conducted with a combination of facility walkthroughs and discussion while driving past Laboratory facilities in North Richland and Hanford's 300 Area. Transportation will be provided by DOE. No alternate transportation arrangements will be allowed.

Walkthroughs will be conducted in the:

- Physical Sciences Laboratory (PSL)
- Process Development Laboratory West (PDL-W)
- 331G Integration Laboratory
- 331 Life Sciences Laboratory
- 325 Radiochemical Processing Laboratory (RPL)
- Environmental Molecular Sciences Laboratory (EMSL)

Driving discussions will include brief information on:

- 2400 Stevens
- Research Operations Building (ROB)
- Auditorium
- Math Building
- Engineering Development Laboratory (EDL)
- Battelle Shipping and Receiving Warehouse (BRSW)
- Annex
- Process Development Laboratory East (PDL-E)
- Engineering Support Building (ESB)
- Applied Process Engineering Laboratory (APEL)
- Sigma V
- Sigma II, III, and IV
- Laboratory Support Building (LSB)
- 320 Analytical and Nuclear Research Laboratory
- 350 Complex
- 318 Radiological Calibrations Laboratory
- Physical Sciences Facility (PSF) Construction Site
- Information Support Buildings (ISB) I and II
- National Security Building (NSB)
- Environmental Technology Building (ETB)
- User Housing Facility (UHF)
- Research Technology Laboratory (RTL) Complex
- Consolidated Information Center (CIC)
- Bioproducts, Sciences, and Engineering Laboratory (BSEL)

**PNNL Site Tour
For PNNL Draft RFP DE-RP05-08OR23300**

The information that follows will provide additional details you need to know for participating in the tour walkthroughs:

- DOE will provide personal protective equipment where required.
- The tour will involve moderate physical demands including periods of standing and walking, potential tripping hazards, and some stair usage. Participants should be physically able to meet these demands.
- Participants must wear clothing and footwear appropriate for an industrial environment. Appropriate footwear must cover the toes (no sandals, high heels, or open toed shoes) and offer adequate foot support for walking on uneven surfaces, gravel, up and down stairs, ramps, and other surfaces found in an industrial environment. Participants without substantial footwear cannot enter the laboratory spaces for safety reasons.
- Strong magnetic fields are present in some laboratories that will be part of the tour. For safety reasons participants with any of the following devices cannot enter these laboratories:
 - Pacemaker
 - Defibrillator
 - Neurostimulator
 - Any large metal implant
- Questions that arise during the tour on information presented will need to be submitted in writing on cards provided during the tour. The question and answer will be posted on the PNNL RFP website after the tour is completed.
- No electronic recording of any type by potential offerors will be allowed in site tour facilities. Cell phones are allowed on the bus and must remain on the bus during facility walkthroughs.
- The following items are prohibited in Laboratory facilities and on the Hanford Site: illegal drugs; drug paraphernalia or alcohol (includes "near beer"); controlled substances (except prescription narcotics, must be in container labeled with patient, narcotic, and physician); explosives or incendiary devices; and dangerous weapons or ammunition including knives with blade length exceeding 4 inches. Participants are subject to personal article searches in Laboratory facilities and/or on the Hanford Site.
- Restroom breaks have been planned into the schedule.

Note: Contractor personnel may be used to provide security briefings and allow access to laboratory space. Contractor personnel if used will not be presenting any portion of the site tour, will not answer any questions, and are not part of the evaluation.
